Sky's the Limit

Partneři

Dear colleagues

Mr. Peter Valis was working for our company in winter 2006/07 providing and coordinating ski instructors for student groups in Italy, he has done his job seriously and was always flexible and available in respect of late changes.

Our guests have been totally satisfied with the ski instructors being chosen and managed by him, for this reason we are happy to proceed our partnership. Mr. Valis has excellent knowledge of the English and very good knowledge of the German language, he is able to use both languages in speaking and writing.

We wish Mr. Valis the best for his future education and work, as stated above he was always helpful, friendly and reliable, we entirely recommend his services.

Best Regards

Sandra Huter
